

## ROTATING HEAD UNIVERSAL WRENCH

PLUMBER

Code: 71 016 811

**LIFETIME  
WARRANTY**

### DESCRIPTION

- Pressure-cast zinc wrench
- 10 different profiles
- 360° rotating swivel arms
- Nickel-plated rotating shafts
- Dimensions indicated directly on each wrench
- With its dual-rotating mechanism, the 8 different wrench heads can be positioned to ensure the right tool for every job. The inserted joint means that the universal wrench can also be turned into a T-shaped handle for generating extra torque or used in its compact coupled version.
- Dimensions: 130 x 38 mm
- Patented product

### SPECIFICATIONS
