IQ^{V20} Series

BC1121—20V/12V UNIVERSAL CHARGER

BC1121 20V/12V UNIVERSAL CHARGER

Recommended Image for catalog / Print use.

Recommended Catalog Description:

Ingersoll Rand's BC1121 Lithium-ion universal charger gets all of the batteries in our IQV12 and IQV20 Series* lineup charged and ready to go whenever you are. Whether it's our 20V or 12V batteries, this innovative, multi-use battery charger will help you get back to work without missing a step.

*For use with any of our IQV12 and IQV20 Lithium-Ion Batteries, BL2022, BL2010, BL2005 and B11203.

Recommended Compelling Product Advantages:

Compatibility: Charge any of your IQV12 and IQV20 Series batteries on the same universal charger. Whether its 12V or 20V, the BC1121 is going to make it easier and faster to have a freshly charged battery to get your work done now, not later.

Productivity: An LED Fuel Gauge and audible alarm will let you know when your batteries are fully charged and ready to get back to work.

Versatility (convenience): Not only can the BC1121 be mounted vertically or horizontally on a wall or work bench but the USB charge port on the side means you don't have to fight for an outlet with your tablet or smart phone. Let us take care of the clutter; you take care of what's next.
