

AlphaTec™

38-001

Excellent chemical protection and degradation resistance

Delivering high level of comfort and chemical protection

Advanced defenses: AlphaTec™ 38-001's new water based butyl formulation offers superior protection against highly aggressive chemicals, including aldehydes, ketones, solvent esters and concentrated mineral acids

Improved ergonomics: Designed for comfort, AlphaTec™ 38-001 industrial gloves feature a unique butyl formulation to facilitate a soft feel, protecting hands while facilitating donning and doffing

Enhanced flexibility: Ultra soft water based butyl formulation maximizes flexibility and dexterity

Strengthened grip: Features a raised diamond pattern, enhancing grip and ensuring safer handling
