

Previously known as: MICROGARD® 2300 PLUS - Model 132

### Lightweight, antistatic protective suit, offering a medium-duty barrier against various inorganic chemicals.

- **Specialized protection:** With a polyethylene barrier and bi-component nonwoven inner layer, the AlphaTec™ 2300 PLUS Stitched & Taped - Model 132 chemical-protective suit guards against various inorganic chemicals\* (including acids and bases), while remaining durable, lightweight and flexible
- **Increased visibility:** Its yellow color ensures it remains highly visible, for noticeable personal protection and improved workplace safety
- **Enhanced features:** This AlphaTec™ protective suit also includes a thumb loop, respirator fit hood and secure zip flap with self-adhesive tape closure, as well as over-taped inner stitching, for added strength
- **Certified antistatic capabilities:** It is tested in accordance with EN 1149-5 antistatic standards

\*CE Category III Type 3/4/5 protection

## Industries

- Life Sciences
- Automotive
- Agriculture
- Food Processing

## KEY FEATURES & BENEFITS

- **Protective barrier:** Inorganic liquid chemical (acids, bases) resistance
