

## Extra long gloves offering reliable performance and chemical splash protection

- **Extended protection:** These long 355mm gloves provide extra forearm protection
- **Comfort and durability:** Strong, comfortable nitrile material resists tearing and protects in the event of chemical splashes
- **Easy donning:** An extra wash during manufacturing makes these gloves ultra-smooth for easier donning, doffing and double gloving
- **Reduced allergy risk:** Manufactured without accelerators, helping to protect users from Type IV skin allergies
- **Secure grip:** Fully textured design enhances grip in laboratory, food-processing and other applications
- **Smart packaging:** Packaged in polybags to minimize contamination risks
- **Extra-long and thick design:** for enhanced protection against chemical splashes, rips and tears.
