**Flexible handle, Nylon,
Ø6 mm, 1505 mm, White**

This nylon flexible rod is in fact a 1.5m handle for a tube cleaner. The tube cleaner head (5356, 5356, 5365, 5368 or 53915) is connected by means of a screw-in thread and is available in two sizes. Nylon is used to avoid damaging sensitive internal surfaces, e.g. glass. Its flexibility allows it to follow curved pipes.
